Christian Life Academy Lifestyle Statement

(student AND parent / guardian signature required)

Christian Life Academy believes that our total life is to bring praise and honor to our Lord Jesus Christ. This statement is the general guide for lifestyle concerns for the entire Christian Life Academy Community.

1. We believe that the Word of God is the inerrant revelation for Christian faith and personal behavior. In response to Divine truth, certain practices are forbidden by Scripture and others require restraint and control to avoid offense and harm to the Body. The Lordship of Christ in the life of the believer is the guiding principle for the Christian Life Academy Community.

2. Membership in a community carries the responsibility of setting aside certain personal rights for the good of the community. This is both a demanding and privileged responsibility to "love the Lord with all your heart and your neighbor as yourself", allowing this concept to govern actions toward others. This unselfish, Christ-like love can be the motivation for lifestyle and certainly is the evidence of holiness.

3. The ideals of holy living require that members of the community practice discretion and restraint in the choice of entertainment, use of leisure time, and associations with others, socially and in organizations. (I Cor. 10:31)

4. Attitudes such as greed, jealousy, pride, lust, bitterness, covetousness, hostility, an unforgiving spirit, and prejudice based on race, sex, or socioeconomic status are condemned by scripture. Therefore the Christian Life Academy Community seeks to eliminate these attitudes as evidenced in speech and action and to see them replaced by Godly attitudes appropriate to the mature Christian. (Philippians 2: 5-7)

5. Christian Life Academy has chosen to adopt certain practices that contribute to an environment appropriate to its mission and goals. We are advised to occupy ourselves with virtuous pursuits. Right thinking about the noble things in life lead to godliness in thought, speech, and action. (Philippians 4:8)

6. Christian Life Academy defines marriage as the union of one man and one woman. (Romans 1:24-26)

7. Gender, likewise, matters. God wonderfully and immutably creates each person as male or female, and these distinct, complementary genders together reflect the image and nature of God. (Gen 1:26-27)

Christian Life Academy Technology Usage Policy
(requires parents AND student signature):

Section I - Acceptable Use Policy

The intent of this policy is to ensure that **ALL** uses of the District's computer network are consistent with the District's mission statement, strategic plan and Christian Life Academy graduation criteria. Such access serves as a natural extension of the educational lessons learned within the classroom by:

- Providing access to educational resources and reference materials
- Reinforcing the specific subject matter taught
- Requiring the use of critical thinking skills
- Promoting tolerance for diverse views
- Teaching socially appropriate forms of civil discourse and expression

This policy does not attempt to define ALL required or prohibited behavior by users, but rather an operating framework for the user to follow. Each user **MUST** exercise good judgment and appropriate conduct. For purposes of this policy, the District's "computer network" includes all the District's computers and peripheral equipment (including, but not limited to, telephones and fax machines), the District's local and/or wide area network, and access to the Internet through District computers or the District's local and/or wide area network.

Section 2 - Opportunities and Risks of Computer Network Use

Christian Life Academy believes the value of information, interaction and benefits that access to the District's computers and the Internet offers far outweighs the potential hazards of its use, and that more would be lost by not providing its students, faculty and staff access to this technology and information.

An inherent risk of making these global network resources available is that some users might encounter sources that could be considered controversial or inappropriate. Because global information resources are transitory and uncontrolled, the school cannot predict or totally control what users may or may not locate. The District has chosen, on a "best effort" basis, to limit access only to educationally appropriate resources. This "best effort" basis would include, but not be limited to, the following:

- Staff supervision
- Security software
- User training

Christian Life Academy does not support or condone access to educationally inappropriate resources. Users **MUST** utilize good judgment when accessing global information resources and be wary of the integrity and content of the information resources, regardless of the source of the technology.

The District may provide students with a student e-mail account that can be accessed through any computer with Internet access. The District may review all files, including electronic communications that are created on, stored on or sent to, from or via the computer network. The District reserves the right to participate and cooperate fully in any investigation requested or undertaken by either law enforcement authorities or a party alleging to have been harmed by the use of the District's computer network. Evidence of illegal activity may be reported or turned over to appropriate authorities.

Christian Life Academy Registration 2025-2026 Preschool-Grade 12

No use of the District's computer network is guaranteed to be error-free and totally dependable, therefore it cannot be held liable for any unforeseen difficulties that may arise. The District cannot be held accountable for information that is retrieved through the use of technology

Section 3 - User Conduct and Responsibilities

Guidelines for access to the District's computer network within this document apply to **ALL** students, administrators, faculty, staff and other employees of the District. These guidelines are not all-inclusive. A user who commits any act of misconduct not specified may also be subject to disciplinary action. Disciplinary actions are consistent with District policies governing such behavior, such as its policy on student behavior and staff contacts.

The District's computer network is part of the educational curriculum and is not intended to be used as a public forum for general use. Access to the computer network is a privilege - not a right - and carries with it responsibilities. **ALL** users of the District's computer network are expected to abide by District policies and rules of behavior. These guidelines are provided here so that users are aware of the responsibilities that the use of technology places upon them.

Users have the opportunity to access the District's computer network for **educational or professional purposes only**. Exercising that privilege requires that the user accept the responsibility for all material they access, view, download and/or produce. It is necessary for users to evaluate the validity of the information they access via the District's computer network and acknowledge the source of information when appropriate.

ALL users of the District's computer network are representatives of Christian Life Academy and should act accordingly.

Guidelines for acceptable use include, but are not limited to, the items listed below.

Users will:

- Use appropriate language
- Avoid offensive or inflammatory dialogue
- Adhere to copyright rules and assume that any software that they did not create is copyrighted (unless it is labeled "freeware" or "public domain")
- Not reveal any personal information (i.e., address, phone number, etc.) for themselves or others
- Note that e-mail is not guaranteed to be private. People who operate the school information systems do have authorized access to e-mail; others may have access if authorization has been provided by appropriate school personnel.
- Use technology only for legal activities
- Be responsible at all times for proper use of their access privileges and avoid impersonation, anonymity or unauthorized sharing of security measures and/or their account(s)
- Take responsibility for any technology-related activities that they borrow or are used under their account or password
- Maintain integrity of technological resources from viruses, physical abuse, potentially damaging messages, etc.
- Respect the rights of others to utilize technological equipment by not utilizing it for non-school purposes
- Abide by any and all policies and procedures of networks, systems and information resources linked by and through school technology

Misuse of the District's computer network constitutes gross disobedience or misconduct and is unacceptable. Examples of this misuse are any that:

- Disrupt the proper and orderly operation and discipline of the school
- Threaten the integrity or efficient operation of the District's computer network
- Violate the rights of others
- Are socially inappropriate or inappropriate for a student's age or maturity level

Christian Life Academy Registration 2025-2026 Preschool-Grade 12

- Are primarily intended as an immediate solicitation of funds
- Are illegal or for illegal purposes of any kind

Use of the District's computer network for any unacceptable use will result in the suspension or revocation of computer network privileges, disciplinary action, and/or appropriate legal action.

Examples of District computer network misuse that will result in disciplinary action include, but are not limited to, the following:

- Using obscenities or inflammatory dialogue
- Taking any steps that threaten, or which may be reasonably interpreted to threaten, any person, group of persons, building or property with harm, regardless of whether the user intends to carry out such a threat
- Harassing other users
- Using another user's accounts
- Misrepresenting one's self as another user
- Violating the rights of others or their privacy and safety
- Accessing, viewing, downloading, displaying, transmitting, creating, or otherwise possessing or disseminating material that contains pornography, obscenity, or sexually explicit, pervasively lewd and vulgar, indecent or inappropriate language, text, sounds or visual depictions
- Accessing District blocked Web sites, via codes or other improper routes
- Using technology resources for personal business or commercial, private or personal financial gain, including gambling
- Vandalizing data, programs, networks or information resources
- Degrading or disrupting systems or equipment
- Damaging technology hardware or software - **Students will be held financially responsible for intentional damage**
- Spreading computer viruses
- Gaining unauthorized access to resources or entities
- Violating copyright laws or other intellectual property rights
- Using technology resources for illegal activities
- Accessing, using or possessing any material in a manner that constitutes or furthers fraud (including academic fraud), libel, slander, plagiarism or forgery
- Attempting to commit any action that would constitute an unacceptable use if accomplished successfully

Violations of these guidelines and/or District policy will be dealt with seriously. Consequences may include, but are not limited to, loss of access to the District's computer network. Users are subject to additional consequences as described in the District's policies and regulations. Illegal activities may also result in referral to law enforcement officials.

Section 4 - District Responsibilities and Confidentiality

The District reserves the right to monitor and log the use of its technology and computer network, monitor network utilization by users, and examine user files and materials as needed. Therefore, users cannot expect absolute privacy from District personnel as it relates to the use of the District's computer network. Users must recognize that there is no assurance of confidentiality with respect to access to transmissions and files, by persons outside or from persons inside Christian Life Academy. Christian Life Academy reserves the right to deny individual users access to specific technology as a consequence of misuse.

Section 5 - Disciplinary Actions

Christian Life Academy Registration 2025-2026

- Staff/user conference or reprimand

Additional actions as deemed appropriate:

- Staff/parent contact for student misuse
